Radio. This represents about 12, 000  
members of **this community per day.**

**2BOB** Community Radio is a VITAL part of our  
local and national broadcasting services and  
media landscape.

With more and more media services falling  
into the hands of fewer and fewer  
corporations, Community Radio Stations  
across Australia play an important role in  
providing a voice for the people that aren't  
adequately serviced by these multinational  
media companies with no interest in local  
communities.

2BOB Community Radio gives voice to local  
communities' concerns, hopes and visions for  
themselves.

2BOB Community Radio reflects the values of  
the community in which it sits. Here at 2BOB  
we aim to create an environment and a  
culture that is thoughtful, discerning, open  
and accessible to all community members.
