26% of all Radio listeners listen to Community
Radio. This represents about 12, 000
members of **this community per day.**

2BOB Community Radio is a VITAL part of our
local and national broadcasting services and
media landscape.

With more and more media services falling
into the hands of fewer and fewer
corporations, Community Radio Stations
across Australia play an important role in
providing a voice for the people that aren't
adequately serviced by these multinational
media companies with no interest in local
communities.

2BOB Community Radio gives voice to local
communities' concerns, hopes and visions for
themselves.

2BOB Community Radio reflects the values of
the community in which it sits. Here at 2BOB
we aim to create an environment and a
culture that is thoughtful, discerning, open
and accessible to all community members.
